CUMMINGS — ELLIOTT — RALSTIN
SIXTH ANNUAL SHORTHORN PRODUCTION SALE

SATURDAY, NOVEMBER 19, 1966 — DODGE CITY, KANSAS

— Sale Starts At 12:30 P. M. —

DICK KANE, Wisner, Nebraska — AUCTIONEER
McKinley-Winter Livestock Commission Co., Dodge City, Kansas

Welcome

Kansas Shorthorns have been very popular over the United States in the last year. The consignments in this sale represent three of the top Shorthorn herds in the state. Notice the kind of herd sires that represent each lot in this catalog. Many of the cattle sold in this sale would like to have been retained for herd replacement stock. These consignors have dipped deep in their herds to bring out the best offering they have ever consigned to their Annual Sale. Many buyers are repeat customers due to the satisfaction they have had with cattle bought in this sale.

These cattle will not be over fitted, many will be sold just off grass. Some outstanding 4-H heifer projects will be sold; also a few steers will be offered.

Read this catalog through. Seldom do you find more show winners and high selling cattle represented in these pedigrees. Be in Dodge City, Kansas, November 19, 1966. See some of the best Shorthorns of the breed. You will enjoy seeing the cattle sell.

STANDARD GUARANTEE
(Recommended by American Shorthorn Association)

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
